Purian eMotion

System description

The conscious choice for modern spaces - functionality, aesthetics and responsibility in one.

Purian eMotion is a thoughtfully engineered product, refined in every detail, that combines:

- / quiet, smooth door movement - comfort in any workspace,
- / minimalist design - double glazing structurally bonded to a hidden profile concealed within the door construction,
- / improved accessibility - no threshold and a wide doorway allow easier access for people with reduced mobility,
- / sustainable materials - technology in line with green building concepts and LEED® / BREEAM certification.

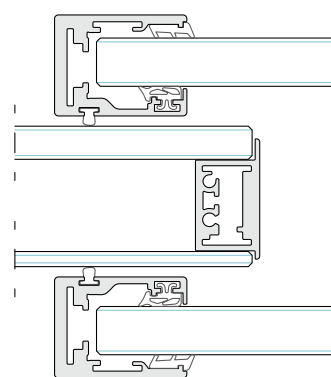

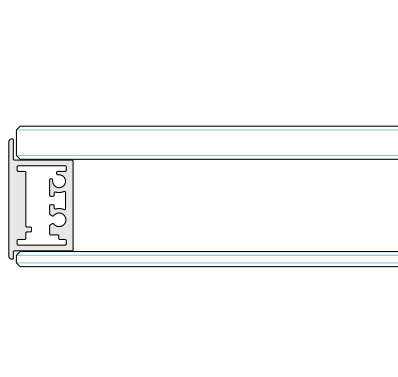

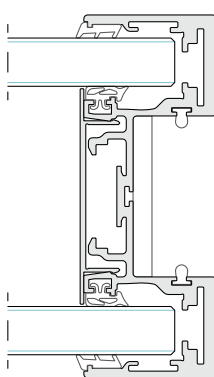

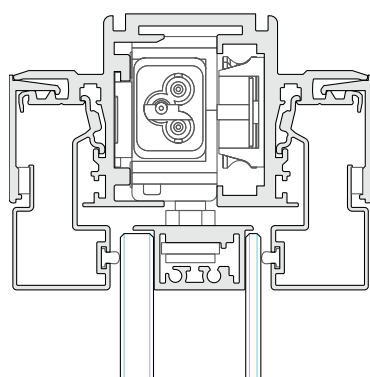

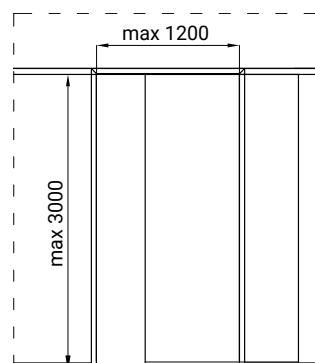

Purian eMotion door

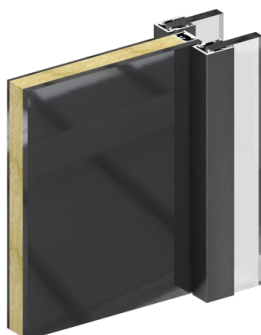

Specification

Type of filling	ESG 4, 8; VSG 44.2	
Wall mounting GSW Office Plus	up to and including a glass thickness of 66.2 Si* + 66.2 Si*	
Clear opening	max height (mm)	3000
	max width (mm)	1200
Acoustic insulation	acc. to door type	
Opening speed	200 - 600 mm/s	
Closing speed	150 - 300 mm/s	
Number of cycles	> 500.000	
Output voltage	24 VDC	
Materials / finish	Anodized aluminum / Aluminum RAL	

*Si - Saint-Gobain Glass Stadip Silence

Available variants of doors

Purian Opac

Urban Slim

Timber Slim
